

Job Description – Phase 1

Job Title: Technical Operator
Reporting to: Production Manager
Reports: N/A

Company description

Ilika (www.ilika.com) is a pioneer in solid state batteries. The company has developed miniature micro-fabricated solid-state batteries (Stereax) for Internet of Things (IoT) applications and is now developing large format solid-state cells for electric vehicles.

Ilika is a publicly listed company with its head office in Romsey and a facility at the University of Southampton. In 2021 Ilika is establishing a new facility for the scale up and manufacture of Stereax solid state batteries. We offer the successful candidate a competitive package and the opportunity to be part of a world class technical team using state of the art equipment in a supportive environment. This is an excellent opportunity to join the team during a period of growth, and to make a meaningful contribution during this exciting transition.

Overview of the role

The individual will work in a team of technical operators supporting Ilika's production of Stereax thin film solid-state batteries.

Responsibilities may include but are not limited to:

- Recognise the importance of and create an inspirational can-do culture in the organisation, with a focus on process improvement, adding value to the business;
- Taking the initiative in proposing and implementing solutions for areas for improvement in the Company's operations;
- Maintaining ISO standards;
- Adhere to and develop good manufacturing practice and implementation and approval of risk assessments and COSHH where appropriate;
- Execution of production work plan on schedule;
- Ensuring production targets, Key Performance Indicators (KPI's) and quality standards are met;
- Effectively communicate with team and other stakeholders;
- Ensure adherence to Standard Operation Procedures and Work Instructions.

Job requirements:

- Knowledge and understanding of all key production processes and metrology;
- Min A-level or equivalent;
- Effective written and oral communication;
- Ability to follow well defined operating procedures in compliance with ISO standards to achieve high quality in a complex manufacturing environment;
- Good time management skills;
- Demonstrated ability to work well in a team as a member;

- Conscientious and have a good eye for detail.

Applicant must be eligible to work in the UK.

Ilika is an equal opportunities employer and positively encourages applications from suitably qualified and eligible candidates regardless of sex, race, disability, age, sexual orientation, gender reassignment, religion or belief, marital status, or pregnancy and maternity.
