

Ilika Position Vacancy

Job Title: Vacuum Manufacturing Tool Technician
Start date: ASAP

Company Description

Ilika (www.ilika.com) specialises in the accelerated development of new functional materials using cutting-edge high throughput techniques. Ilika is best known for its work in solid state batteries, which it is now commercialising for applications in the Internet of Things (IoT).

Ilika is a publicly listed company with its head office in Southampton. We offer the successful candidate a competitive package and the opportunity to be part of a world class research team using state of the art equipment in a supportive environment.

Role Description

We are currently looking to strengthen our technical team through the recruit of a Vacuum Manufacturing Tool Technician with overall responsibility of the day-to-day operation and maintenance of the vacuum cluster production tool.

Your main duties will include:

- Ensure and oversee a continuous and reliable production protocol and environment for the existing manufacturing tool;
- Maintain and repair the existing manufacturing tool.
- Document the details of optimised production workflows for products of various formats;
- Specify the potential manufacturing requirements for the further scale up of the process to larger production tools.

To be successful in this role, you will possess the following:

- Minimum qualification level HND although a BSc or BEng/MEng in materials science, physics or physical chemistry would be an advantage;
- Experience in a lab environment or high tech assembly line (desirable experience includes vacuum production, handling chemicals, monitoring lines/quality control and equipment/lab maintenance);
- The ability to clearly and concisely document workflow protocols related to a manufacturing process;
- Good attention to detail;
- Flexibility;
- Team player and able to work using own initiative;
- Good interpersonal skills and ability to communicate at all levels;
- Excellent PC skills including good working knowledge of Microsoft Word, Excel, Outlook and Internet Explorer;
